Burley Society Sells All of Its Tobacco to The Trust.

Lexington, Ky., Dec. 11.—The Burley Tobacco Society has sold its entire holdings of the 1909 pool to the American Tobacco Company. Between 7,000,000 and 8,000,000 pound changed hands at 16 1/2c.

This marks the end of the old pool holdings, all having been disposed of before except this fast seven or eight million pounds, so that now the top year pooling agreement is started off with a clean slate.

Sampling has already begun at some of the Burley Society's warehouses preparatory to shipment of the tobacco, the grades from which 7,000,000 or 8,000,000 pounds are to be selected being A. B. C. and D. Theodore H. Kirk, a Cincinnati tobacco broker, has acted as agent for the American Tobacco Company and other interests, and it was through him that the deal was finally closed.

The Burley Tobacco Society was organized five years ago, and has pooled tobacco four times. In the course of its fight for higher prices the night riding outrages, that terrified many counties in Southern Ohio and Indiana took place.

The price of tobacco rose from 3 to 5 cents a pound to as high as 25 cents, and many tobacco growers have become comparatively wealthy. A pooling arrangement to last ten years is now being made.

The American Tobacco Company has ordered all buyers to suspend operations in Kentucky markets after December 20 until reapportioned to work for subsidiary companies. This is done because of the ruling of the Supreme Court in the trust action.
